City Council announces Transportation Horizons presenters

OGDEN, UTAH (March 1, 2007) — Because Ogden City Council members are focused on improving understanding about transportation needs and opportunities in Ogden, they have invited several knowledgeable presenters to educate and inform all in attendance at the Thursday, March 8 Transportation Horizons work session from 5-8 p.m. in the City Council Chambers at 2549 Washington Boulevard, Suite 340.

Representatives from Wasatch Front Regional Council, Utah Transit Authority, Utah Department of Transportation and the Ogden Weber Chamber of Commerce have been invited to discuss important issues regarding Ogden's transportation future.

Presenters have been encouraged to arrive at the meeting at 4:30 p.m. to set up displays that explain what they will present to the Council. The Council encourages the public to come to the work session and discuss their thoughts with presenters before and after the meeting.

Copies of the presentations will be made available at the March 8 work session. They will also be available on the City's Web site, www.ogdencity.com on the day of the meeting.

Along with the presentation packets, feedback cards will be available for those who wish to give feedback or ask questions.

Those who are in attendance are encouraged to leave feedback or questions on these cards. Attendees can submit their cards in the drop box, which will be provided at the work session.

(MORE)

Council chair Jesse Garcia said the work session should prove to be a great starting point in a long process.

“The Council feels it’s important that everyone understand the transportation needs of the city,” Garcia said. “This work session should help everyone get a better idea of what kinds of opportunities are before us.”
