Q&A with Council Member Doug Stephens

As Council Member Doug Stephens wraps up his 16-year tenure on the Ogden City Council, he answered some questions about his time serving Ogden in District #3.

What is your favorite memory of serving with the council?

It was a joy to visit with the residents in District #3 in their neighborhoods and at their homes. To listen to their suggestions, questions, and concerns about the city was a wonderful experience.

What are you most proud of from serving on the council?

I am most proud of seeing the development, growth, and change that has happened in Ogden. To feel that I was part of improving the quality of life and the image of Ogden was a good feeling. I am most proud that the council provided resources to improve the conditions for the Police, Firefighters, and employees.

What will you miss the most about being on the council?

I will miss the relationships, the associations, and the friends I made while on the City Council. I enjoyed the rides to city council meetings with Council Member Rich Hyer. What I will miss the most is the associations and the relationships with the council staff and the council members.

What will you miss the least about being on the council?

What I will miss the least are the long Council work sessions and late-night City Council meetings.

What is next for you?

In January, I will have no meetings on Tuesdays. I hope to continue to be involved in some way with the city. I still have an interest in the development, progress, and growth of Ogden. I want to keep in touch with those that I had the pleasure in working with for the past 16 years.

Is there anything else you'd like to add?

I am proud of Ogden. Giving back to the community that gave me so much was and continues to be my goal. Being on the City Council was an experience that I will never forget. I want to thank the council staff, council members, the administration, and the citizens for all they have done for me and what they have given me and my family. Words cannot express my appreciation to them all. As Bob Hope said, "Thanks for the Memories."

Winter Market 2022

Ogden's cozy Winter Market returns to the historic Union Station next year!

Join us every Saturday, January 22 through February 26, from 9 a.m. to 2 p.m. Support our local growers and shop for fresh seasonal produce. Enjoy live music by local musicians and community yoga while browsing the booths for handcrafted artisan goods, honey, jam, bread, pre-packaged goods, coffee, and much more. Farmers Market Ogden is an authorized EBT/SNAP provider. Participants may check-in at the information booth for EBT exchanges. See you there!

Snow Plow Ordinances

Be aware of snow removal ordinances effective November 1 - March 15.

Follow these practices to help keep citizens and snowplow drivers safe this winter.

- **Do not blow or shovel snow onto the streets.** It is against the law due to freezing snow becoming an accident risk on the road (*Ordinance 7-2-8A*). Be sure snowblower spouts blow snow back onto the home property instead of onto the street. Residents are responsible for sidewalk snow removal within 12 hours after a storm starts. Please, do not shovel snow back onto the streets.
- **Move vehicles off of the street during snowstorms to avoid blocking snowplows.** November 1 - March 15, please keep vehicles off the street to help eliminate accidental damage from other cars that may lose control on slick roads. (*Ordinance 10-5-21A*)
- **Keep a safe distance between vehicles and the snowplow while driving.** For the safety of snowplow drivers and all citizens on the road, maintain extra space between yourself, other cars, and snowplows.
- **Clear snow around fire hydrants.** (*International Fire Code Section 508.5.5*) Fire hydrants in front of homes must be clear of snow at all times to remain accessible to the fire department. Residents unable to get hydrants cleared can call the city for assistance.

Emergency Preparedness: Winter Storms

Winter is on its way, and we can all be prepared to stay safe. With bad weather comes weather-related emergencies at home and travel.

There are a few things we can do to prepare for bad weather:

- **Stock up on food that doesn't require cooking or refrigeration**
- **Stay current on forecasted weather conditions**
- **Keep an up-to-date emergency kit with flashlights, first aid kits, and extra medicine**
- **Wear appropriate outdoor clothing when in the weather**
- **Avoid traveling during weather advisories**
- **Let others know your travel plans and expected time of arrival**
- **Check on family and neighbors who are at risk from cold weather**

Even though we need snow and rain, we need to be ready to care for ourselves and our family members this winter.
