

Park Strip Lawn Conversion Program Process

2. Schedule site visit with Ogden City Conservation Coordinator. Applicant must attend the Weber Basin "Flip your Strip Class". Ogden City will verify attendance with WBWCD.

1. Apply through UtahWaterSavers.com. Submit application and W-9 with Ogden City Planning Department for review. Sign and notarize agreements.

3. After site visit, submit detailed irrigation and landscape plans for review. Plans must include plant species, ground cover specifics, and proper irrigation setup.

4. After necessary corrections and approval of plans, the applicant will receive a final set of plans and permit. Start work.

5. Schedule an inspection before irrigation system is buried. Call conservation coordinator at 801-629-8329

6. After ground cover, plants, and trees are installed schedule a final inspection. (801-629-8329).

Submit final paperwork. Incentive payment will be issued to applicant after receipt.
